

Uvue U60

Brand: Uvue
Product Code: MC6

Short Description

The Uvue U60 is a classic cylinder style DVR with full HD and "Gesture"

Description

This model is similar to the ME1 with the exception of FHD recording via a Panasonic image sensor and event record. The classic cylinder shape is both neat and modern.

Like the ME1 the MC6 has "Gesture Record" where an instant photo can be taken by simply waving you hand under the camera. Photos can be easily reviewed or uploaded to social medial such as Instagram, Facebook etc.
